THE GLOBAL UNIVERSITY

VISION

To transform into an internationally recognized university with independence and a multi-disciplinary approach, dedicated to fostering learner-centric education, cultivating trails for holistic individual development, and promoting innovation and scholarship to influence both practice and communities.

MISSION

- ◊ Delivering inclusive and high-quality higher education to every segment of society.
- ◊ Establishing research platforms at both national and global levels.
- ◊ Persistent focus on utilizing technology for Teaching progress and effective governance.
- ◊ Empowering rural communities to gain and enhance skill sets for sustainable development, prioritizing accessibility and inclusivity.

AIM & OBJECTIVES

The University has been established with the Objective of " University will teach job oriented courses and small scale industry based courses so that the youth will become independent and self-employed too.

We will start courses in airplane, helicopter maintenance, repairing, and skill development & vocational courses in various fields as it is the dream of our present Prime Minister too.

We will have industry relations & placement department for the help of students in their career. We have long term strategy and vision for the Students community in future. The great philosopher Sri. Vivekananda said that Education will reach at the door of the students no matter where they live, following this principle we have decided to reach to the rural.

MESSAGE

Prof. B.N. Mishra

Chancellor

"We want that education by which character is formed, strength of mind is increased, the intellect is expanded, and by which one can stand on one's own feet" It is a famous quote of Swami Vivekananda. In line with this quote, we at The Global University believe that education is not just a means to a degree but a trans-formative journey that prepares individuals to face the challenges of the dynamic world. Our mission is to nurture a community of learners who will make a meaningful impact on society; be it through groundbreaking research leadership, or community engagement.

At The Global University, we are more than an institution of higher learning. We are a community that thrives on innovation, curiosity, and a shared commitment to excellence. We believe that education is a powerful catalyst for change, personal growth and societal progress. Our University is dedicated to providing an environment where dreams and aspirations can take shape to become reality.

I invite you to visit our counselors, explore our website, learn about our programs and find the programs in line with your own individual vision set for future endeavors. Join us to experience exciting adventure of learning, discovery of knowledge and unleash personal growth prospects.

Together, we can create a brighter tomorrow. Join the world of dream shapers who will make you to dream your future careers and facilitate you to accomplish those in style."

Warm Regards

Dr. J P Sharma
